

Now Scheduling Video Visits!

To our valued patients,

We know these are scary and difficult times, but as your healthcare provider we want you to know we are here for you! Skip the trip into the office and get the care you need from your home! HealthNet is proud to offer quick and convenient video visits through our Patient Portal!

What We Treat

- Colds
 - Flu
 - Allergies
 - Skin issues
 - Sinus infections
 - Anxiety
 - Depression
 - Therapy visits
 - Psychiatric care
 - Diabetes checks
 - ADHD follow-up visits
 - Some OB/GYN care
- and much more!**

How It Works

Once you have scheduled your video visit, check out the instructions on our website to prepare for your visit. Using your own secure internet connection and your phone, tablet or home computer, a video visit allows you to meet with your HealthNet provider in real time through a confidential video visit.

Benefits

- Get the same quality care without leaving the comfort of your own home.
- See your HealthNet provider without any risk of exposure to COVID-19 or other illnesses.
- No additional costs! Your normal insurance benefits still apply to video visits.

**Request an appointment through your Patient Portal
or call us at (317) 957-2070.**
